

ULTRA *white*

High Performance Electrolytic Laundry Detergent

PRODUCT DESCRIPTION

Electrolytic Laundry Detergent. Ultra White will clean by neutralizing the surface of the linen. Ultra White is not dependent on caustic builders or pH in order to clean. This makes Ultra White an environmentally safer product. It does not degrade the cellulose of pricey linens, leaves linens softer, pure of color and smelling great; does not require high temperatures to clean; and overall, will drastically reduce wash and cycle times, which unlike conventional detergents, can also be combined with bleach.

POWER OF TECHNOLOGY: ELECTROLYTIC CLEANING TECHNOLOGY

Utilizing Electrolytic Cleaning Technology allows Cleaner and Conditioner to remove soil by neutralizing the ionic charge of the soil and surface. Therefore the targeted soil no longer has the ability to stick to the substrate resulting in easy soil removal which also keeps surfaces cleaner for extended periods of time.

FEATURES MULTI USE:

- Electrolytic Detergent
- High Performance
- Cold Water Washable
- Reduces Cycle Times
- Combinable with Bleach

ENVIRONMENTALLY CONSCIOUS

- Cleans with Environmentally Conscious Detergent
- No Heavy Caustic Builders added
- Non pH Reliant
- Green Seal™ Certified

Effective in both hard and soft water

ECONOMIC

Small load: 0.25 oz or 7.4 mL Normal load: 0.68 oz or 20 mL
Large load: 1 oz or 30 mL Pequeña: 0.25 oz o 7.4 mL
Carga media: 0.68 oz or 20 mL Gran carga: 1 oz or 30 mL
